FISCAL ANALYSIS

ASSUMPTION

Department of Economic Development, Professional Registration officials assume this proposal would not fiscally impact their agency.

Officials from the **Department of Revenue (DOR)** assume current language requires DOR to provide a taxpayer applying for a professional license and the agency charged with issuing the license notification of any outstanding tax delinquencies. This legislation requires DOR to provide the licensee written notification that the delinquency has been remedied within ten business days.

For purposes of this fiscal note, DOR assumes "remedied or made arrangements to remedy" is when the director determines the delinquency has been satisfied. In other words, DOR will have ten days to notify the taxpayer after the payment or information has been received and processed by DOR. Currently, DOR already has this notification in process and therefore, there will be no impact to DOR.

However, if the intent of the legislation is to require notification within ten days of receipt of the remedy or arrangements to remedy, then in order to ensure that the information is processed and notification is mailed within the time-frame, Personal Tax will need 2 Tax Processing Technicians so the backlog never exceeds more than one day.

<u>FISCAL IMPACT - Local Government</u>	FY 2005 (10 Mo.)	FY 2006	FY 2007

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

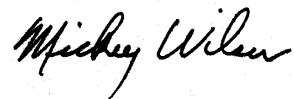

DESCRIPTION

This proposal requires that when a professional licensee of this state has been found to be delinquent on his or her taxes and then remedies such delinquency, the director of revenue shall, within ten business days, provide written notification as to such remedy.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
